

Disabilities can inspire!

CY Edmondson, a paraplegic motivational speaker, spoke to all the learners at Pitlochry Senior Primary.

He showed them a DVD of his dream - where he made history by being the first paraplegic to climb Sentinel Peak in the Drakensberg.

He had the following advice: Believe in yourself! Believe in your dreams! Believe that you are special!

Cy then addressed parents and members of the public a few days later when he again shared his story.

His advice to parents was "Back to Basics" which focused on the gift of children.

Pitlochry completed the week by supporting Casual Day when the staff and learners showed their Casual Day stickers and wore civvies to school. Over R2300,00 was raised for people with disabilities.
